**Pinecrest Industries of Florida, Inc., manufacturer
Verona Doors and Windows, Inc., distributor
LIMITED WARRANTY**

GUARANTEE OF WORKMANSHIP:

Pinecrest Industries of Florida, Inc., manufacturer, and Verona Doors and Windows, Inc., distributor, warrants its products sold under this warranty to be free of defects in materials and workmanship for one year from the date of delivery from the manufacturer or distributor. This warranty is transferable only with prior written approval of manufacturer and/or distributor.

An overhang is required to retain this warranty. The proper length of the overhang should be greater than or equal to the height of the entire door or window unit. Example: X needs to be equal or greater than Y.

FINISH:

Color selected may affect the longevity of the finished product. In order to reduce movement, dark color finishes should be avoided. If the color selected is a dark tone it will absorb heat and will breakdown the UV components in the finish. If the wood product does not have an adequate overhang on all sides of the door and the finish is dark the exterior side of the door can be too hot to touch. Any extreme temperatures can cause visual damage to the wood product including finish accelerated color fading and product deterioration and therefore will not warranty dark finishes. Products not finished by the manufacturer will not carry a finish warranty.

MAINTENANCE:

Maintenance should be conducted on an ongoing basis. Minimizing direct exposure to sunlight and moisture is the two most important factors in preventing finish failure. Re-coating with a professional, exterior grade UV resistant finish may be required up to twice a year, depending on the level of exposure. Your door or window unit is fine furniture and should be cared for in that manner. Never use strong cleaning solutions or abrasives on its surfaces. Keeping the wood surfaces dry and clean will help maintain the original finish. To clean use a soft, non-abrasive cloth and a mixture of water and mild detergent (i.e. dish soap) to remove soil or dust buildup, drying immediately thereafter. Never soak or apply too much moisture to the wood surfaces.

**Pinecrest Industries of Florida, Inc., manufacturer
Verona Doors and Windows, Inc., distributor
LIMITED WARRANTY**

THIS WARRANTY DOES NOT COVER:

1. Products that have not been paid-in-full (including such charges as installation, custom iron and glasswork, etc.).
2. Products installed in direct sunlight, improper overhang, improper handling, or improper storage.
3. Product not correctly installed, including frame misalignment, door not level or plumb not allowing the door to properly function as designed.
4. Structural deficiencies that may create damage to the product.
5. Raw doors (finish done by others, not by Pinecrest Industries of Florida, Inc.).
6. Products installed in a new construction environment that did not allow sufficient cure time for drywall plaster, concrete, interior and exterior paint, tile grout, or anything that may allow moisture to be absorbed into the wood product.
7. Improper use, modification of the product such as cutting or trimming of door, frame, side-lites, or transom.
8. Improper maintenance.
9. Service or any repairs by others on the product other than the manufacturer or without consent of the manufacturer.
10. Any use of the products subjected to conditions outside their design limitations.
11. Acts of God, accidents including accidental glass breakage, Minor imperfections in glass or glass color that do not affect the products structural integrity or obscure vision.
12. Normal wear or discoloration of finish, finish problems caused by mechanical damage or abrasion, EXPOSURE TO WATER FROM SPRINKLER SYSTEMS, PRESSURE WASHER SYSTEMS, garden hose (improper cleaning), water leakage, water runoff, damage caused by acid rain, salt spray or other corrosive elements, problems caused by high humidity (condensation and frost).
13. Variations in wood grain or color, natural imperfections such as grain swirl, small tight knots or worm holes.
14. Cupping, checking, or warping of panels on 1-panel wide door slabs are not covered under this warranty.
15. Doors wider than 3'6" and taller than 96"

**Pinecrest Industries of Florida, Inc., manufacturer
Verona Doors and Windows, Inc., distributor
LIMITED WARRANTY**

ALLOWABLE TOLERANCES:

Door warp (also included bow, cup and twist) shall not be considered a defect unless it exceeds the following dimensions:

1/4" (inch) in the plane of the door itself for doors up to 3'6" wide nominal x 6'8" high nominal.

3/8" (inch) in the plane of the door itself for doors up to 3'6" wide nominal x 8'0" high nominal.

Warp is any distortion in the door itself, and does not refer to the relation of the door to the frame or jamb in which it is hung. The term warp shall include bow, cup and twist, and shall be measured by placing a straightedge, taut wire or string on the suspected concave face of the door at any angle (i.e. horizontally, vertically, diagonally), with the door in its installed position. The measurement of bow, cup and twist shall be made at the point of maximum distance between the bottom of the straightedge, taut wire or string and the face of the door.

REPLACEMENT PRODUCTS:

Replacement products will be the closest equivalent current product and may not exactly match the original. The warranty on any replacement product will extend for the balance of the original warranty period, and will be supplied in the same state of fit and finish as it was originally purchased from the manufacturer. Manufacturer will be allowed to postpone repair or replacement for a period of up to 6 months of the date of claim to allow the products to stabilize after installation. If a claim is found to be valid manufacturer will, at its sole discretion, 1) provide a factory authorized repair or 2) provide a replacement product. Manufacturer will not be responsible for problems or damages caused by deficiencies in building design, construction, maintenance, failure to install our products in accordance with approved methods, or the use of our products and systems (three-point hardware), such as barrier wall systems that do not allow for the proper management of moisture within the wall system.

NEITHER PINECREST INDUSTRIES OF FLORIDA, INC. NOR VERONA DOORS & WINDOWS, INC., DISTRIBUTOR OF PINECREST INDUSTRIES OF FLORIDA, INC. PRODUCTS WILL BE RESPONSIBLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES (WHETHER UNDER THEORIES OF TORT, STRICT LIABILITY, CONTRACT, WARRANTY OR OTHERWISE) THAT MAY RESULT FROM A PRODUCT DEFECT OR MALFUNCTION.
